1970 Season

Rumblings of Discontent.

No Promotion For Maitland Club.

The season opened with rumblings of discontent.

Maitland having won the 1969 Seconded Division Premiership and Grand Final were told that they would not be promoted for the new season.

"What a blow for any club", after spending big as did many 2ND DIVISION clubs to win Promotion, and then told "No Promotion".

~~Leggock, the 1st Division, would be retained.~~

The Northern Federation gave as its reason for no promotion, that it was to give all clubs the chance to consolidate, this of course was most unsatisfactory to the Maitland Club.

The simple solution would have been to promote Maitland and Runners up Mayfield United, or to have a 13 team competition, which is not a clever idea in having an odd number of teams. Football should be looked at to promote areas such as Raymond Terrace, Singleton, Muswellbrook Wyong etc etc.

These are must be encouraged?

The Point Score for 1ST DIVISION were:

Adamstown (Premiers) 32, Newcastle Austral 30,
Belmont Swansea 29, Toronto Awaba 27, Weston 21,
Wallend 21, Lake Macquarie 20, Hamilton Affurri 19,
Lessnock City 18, Landoff 17, West Wallend 15,
New Lambton 15.

West Wallend beat New Lambton on averages for last place.

Maitland again won the Premiership & Grand Final undefeated.

Just as now had been done Maitland would be promoted to First Division for the 1971 season.

Maitland scored 105 goals to 17 against.

Third Division Grand Final

Bellbird 4 v Muswellbrook 1 at Weston.

Maitland Scores 105 Goals in Winning the Second Division.

MAITLAND SCORED 105 GOALS IN ITS 22 MATCHES, OF WHICH IT WON 19 AND DREW THREE, IN WINNING THE SECOND DIVISION PREMIERSHIP - AND, WITH IT, PROMOTION TO THE TOP RANKS NEXT SEASON.

MAITLAND AVERAGED A LITTLE BETTER THAN SIX GOALS A MATCH.

ITS 105 GOALS WAS THE TOP TEAM-SCORING EFFORT IN ALL 10 GRADES CONDUCTED BY THE FEDERATION. MAITLAND WAS A MOST CONSISTENT SIDE AS ITS RECORD SHOWS AND WON ALL ITS MATCHES WELL.

Whitebridge also topped the century but in a different way. Its 132 goals

were on the debit side, it being the highest deficit in the Second Division, though Raymond Terrace's Reserve Grade team also had a century of goals scored against it.

ALSO UNBEATEN Mayfield United was another of the few undefeated teams, it winning the Second Division Re-

serve Grade competition. It had the best average in the federation competition, scoring 100 goals and losing only seven in its 22 matches, of which it won 20 and drew two, averaging 14.27 goals a game - easily the best in the federation's premierships.

Maitland's team in the same competition was also undefeated, winning 14 and drawing eight of its matches. But it finished six points behind the Mayfield United side.

GOOD EFFORT Lambton Club's team put up a fine performance in the Under 16 Grade, winning the pennant by a margin of three points from Stockton Hellenic's side.

This was Lambton's first year in the competitions conducted by the federation and it has done well - and should improve if it can continue to turn out players of the calibre of those who played in the Under 16 side. Final tables for the Second Division competition are -

NORTH'S TEAM HAS BEEN WELL RECEIVED BY CODE'S FOLLOWERS & IS EXPECTED TO SHOW OUT

THE NORTH'S NEW TEAM HAS BEEN WELL RECEIVED BY CODE'S FOLLOWERS.

AS USUAL, FAULT HAS BEEN FOUND WITH THE SELECTION. OF COURSE, IS THE CUSTOMARY PHASE OF SOCCER. HOWEVER, THERE HAS, IN GENERAL, BEEN AGREEMENT THAT ALL THE SELECTORS HAVE DONE WELL.

THEY HAVE BLENDED YOUTH WITH EXPERIENCE. IT IS CLEARLY EVIDENT THE SELECTORS ENDEAVOURED TO FORM A SQUAD FROM WHICH A TEAM TO DO MUCH TO REVIVE THE NORTH'S SOCCER PRESTIGE CAN BE FIELD.

EXPECTING MUCH. It would be expecting much to suggest that the side is good enough to upset the team the English Football Association will field but there is confidence that the team will do well... and that is all Northern Soccer supporters will expect of it.

A win would be a bonanza but it is essential that the team make a good showing and since it has been so well planned, there is no reason why it should not do so. Let's take a look at the players in the squad and their histories in the game...

CHARLES GOVAN... The Team Captain, is 28, and married, with two children. He cannot remember not playing Soccer. He was always a member of successful school teams, the best of which was Ashfield Secondary School which reached the final of the All-Ireland F.A. Cup.

For three consecutive years he was a member of the team winning the Schools' League competition. He represented Ireland schoolboys on five occasions against England, Scotland, Wales and Eire (twice) and also represented County Down in the Irish Counties competition. At 15 he started for the English First Division side, Burnley spent five seasons with the Club during which time he was one of the very few Irish youths to represent an English county, Lancashire. He played in Burnley's teams in the English Youth Cup Championship. He transferred to Mansfield Town at the age of 20, after reaching the Burnley Reserve Grade Team which won the Central League. He played with Mansfield first team in the third Division but, in the second season with it, sustained injuries and returned to Ireland to sign with the Irish League Club, Portadown. He later returned to England, married, had a season in the Midland League and decided to come to Australia, where he signed for Newcastle Austral and represented the North in several fixtures. At the start of this season he transferred to Adamstown.

FINE CAREER RON CHIES represented in schoolboy and junior Soccer and started his senior soccer at the age of 16 with Cardiff. He played one season with Newcastle Austral winning the "Sydney Morning Herald" Best

and Fairest Player Award. He had five years with Wallaseid and transferred to South Sydney (Maitia) for two seasons, and then returned to play with Weston. He has been a regular member of Northern sides since 1964, and toured New Zealand with a Northern N.S.W. team in 1966.

He represented N.S.W. against A.S. Maitia, Manchester United and in matches against sides from all other states. He represented Australia in the World Cup elimination series in Phnom Penh and toured Asia with an Australian side, playing in Cambodia, Singapore and Hong Kong. He played for Australia in three tests against Scotland. He has never been sent off the field.

TOM SNEDDEN... A Weston Bears stalwart who is 27, married with two children. He is a bootmaker by trade. Born at Weston he played junior football with the town's teams. He played First Division football

with Cessnock for four seasons, then moved to South Sydney (Maitia) for two seasons, and then returned to play with Weston. He has been a regular member of Northern sides since 1964, and toured New Zealand with a Northern N.S.W. team in 1966.

PROMOTION AND RELEGATION

At the annual meeting in 1971 the clubs adopted the suggestion from the Advisory Panel that the number of teams be reduced from four to three in each club. The result, it is hoped, will be a better standard of football in both first and second division. Certainly the clubs must make a saving in expense which should mean more money to spend on players and consequently better football.

The directors have previously indicated that there should be a reduction in the number of retained players from the sixty five of 1971 to forty five in 1972. They have further indicated that 25 retained players will be the limit for 1973. The consequences should be a considerably wider distribution of playing talent in first and second division.

The latest step in improving the quality of football is to reduce the number of clubs playing professional soccer to twenty. At the moment there are twenty four clubs in the two divisions of the Northern Federation so at least four will have to go, maybe five, depending on the quality of the club to be nominated by the Hunter Valley executive for 1973 promotion.

Promotion and relegation for 1973 are not automatic in the sense that a second division club must be promoted to first division or that a Hunter Valley Association club must be promoted to second division. What is inevitable is that at least two clubs must be relegated from Division 1 and at least four teams from Division 2.

MECHANICS

Division 1:

Nine clubs will automatically retain first division status. These clubs will be the top nine on the first division premiership table. Four clubs will be in contention for the tenth place—the last three first division clubs and the premier second division club. To find the tenth club the directors will use the following criteria—

(a) Geographical position, (b) administrative record, (c) finances, (d) ground and amenities, (e) championship position (based on 6, 4, 2,) and (f) the potential playing strength of the juniors and the extent to which the club makes use of them.

We have seen in the past examples of relegation based on premiership position alone. New Lambton was relegated at the end of the 1970 season and have since proved that they have the right qualities for first division status. If you apply to this club the six criteria mentioned above you will see that the only one on which they might score badly is the first geographical location.

By including factors such as championship position and use of junior talent the directors have attempted to ensure that clubs genuinely foster the code in their area. Perhaps most clubs will not be able to do much about their geographical location but there are exceptions. It seems likely that Hamilton Azzurri will soon have headquarters at Stockton. Now that the Stockton bridge is completed there is every reason to expect a considerable expansion in population north of the Hunter River and the club will be advantageously placed in this respect.

Division 2:

The three unsuccessful applicants for the tenth position in Division 1 will automatically take their place in Division 2. It will be the bottom four or five of Division 2 (on the basis of the Premiership table) that will face relegation. Directors will use the same criteria as for first division but they make these proviso:—

PROMOTION AND RELEGATION

At the annual meeting in 1971 the clubs adopted the suggestion from the Advisory Panel that the number of teams be reduced from four to three in each club. The result, it is hoped, will be a better standard of football in both first and second division. Certainly the clubs must make a saving in expense which should mean more money to spend on players and consequently better football.

The directors have previously indicated that there should be a reduction in the number of retained players from the sixty five of 1971 to forty five in 1972. They have further indicated that 25 retained players will be the limit for 1973. The consequences should be a considerable wider distribution of playing talent in first and second division.

The latest step in improving the quality of football is to reduce the number of clubs playing professional soccer to twenty. At the moment there are twenty four clubs in the two divisions of the Northern Federation so at least four will have to go, may be five, depending on the quality of the club to be nominated by the Hunter Valley executive for 1973 promotion.

Promotion and relegation for 1973 are not automatic in the sense that a second division club must be promoted to first division or that a Hunter Valley Association club must be promoted to second division. What is inevitable is that at least two clubs must be relegated from Division 1 and at least four teams from Division 2.

MECHANICS

Division 1:

Nine clubs will automatically retain first division status. These clubs will be the top nine on the first division premiership table. Four clubs will be in contention for the tenth place—the last three first division clubs and the premier second division clubs. To find the tenth club the directors will use the following criteria:—

(a) Geographical position, (b) administrative record, (c) finances, (d) ground and amenities, (e) championship position (based on 6, 4, 2, 1) and (f) the potential playing strength of the juniors and the extent to which the club makes use of them.

We have seen in the past examples of relegation based on premiership position alone. New Lambton was relegated at the end of the 1970 season and have since proved that they have the right qualities for first division status. If you apply to this club the six criteria mentioned above you will see that the only one on which they might score badly is the first geographical location.

By including factors such as championship position and use of junior talent the directors have attempted to ensure that clubs genuinely foster the code in their area. Perhaps most clubs will not be able to do much about their geographical location but there are exceptions. It seems likely that Hamilton Azzurri will soon have headquarters at Stockton. Now that the Stockton bridge is completed there is every reason to expect a considerable expansion in population north of the Hunter River and the club will be advantageously placed in this respect.

Division 2:

The three unsuccessful applicants for the tenth position in Division 1 will automatically take their place in Division 2. It will be the bottom four or five of Division 2 (on the basis of the Premiership table) that will face relegation. Directors will use the same criteria as for first division but they make these provisos:—

1971

(b) Amalgamations will be encouraged as an alternative to relegation in the "crowded areas" on Newcastle

THE FUTURE

By the end of this season clubs will know the promotion and relegation plans for 1974. Possibilities have already been considered. It must be obvious to all clubs that relegation is a more lively prospect than promotion for 1973. But by 1974 the numbers in each division will have stabilised

WORLD CUP 1974

AUSTRALIAN WORLD CUP FINALS' FAVOURITES

by Ian Smith

Tipsters from 48 countries had their selections for the final 16 to go to Munich published in the mass-circulation "France Football" recently.

How did Australia fare with the pollsters? Well, all but six chose Australia to win Group 16 (four tipped Iran and two chose South Korea).

Only two other nations, Italy and Sweden, carried stronger support than Australia to win their respective elimination groups.

Part of the reason for this would obviously have been the publication of our match results (about all we can expect to get) in overseas journals. Iraq were strongly tipped before the sub group elimination and Australia's 3-1 and 0-0 results against them must have looked good on paper.

What is overlooked of course, is that Iraq were labouring under an enormous handicap, but let us hear their coach Teleki explain that - "I had to buy them proper boots in Sydney; at home, on their sand pitches in the Baghdad heat they only wear gym boots", he said. "So what do you expect from them?"

It was not the matches against Iraq that frightened Australian fans however. It was those two nerve-wracking draws against our near neighbours across the Tas-

man, New Zealand

That the Australian team were drawn into playing the same poor standard of soccer that the Kiwis produced was something that undoubtedly must have given Rale Rasic cause for concern. In fact, apart from two half hour bursts (against Iran and New Zealand) plus the full match against Indonesia when the chips were down, the Australian team did little to inspire confidence.

However, one feels that now Johnny Warren is back, a Richards-Rooney-Warren midfield combination would, if selected, dominate that area of the park and give Australia much added push up front.

That appears unlikely though as Rooney, despite giving his all in matches and leading just about every star player contest in Sydney, is not one of the

selector's favourites partly because he lacks just that little bit of finesse in his distribution.

Australia's real strength lies in its defence which, although it conceded six goals (four against the Kiwis), generally exuded an air of reliability that was heartening.

Tonight's matches are extremely important for all players and for the second time this season we will have a representative side visiting the north that will be flat out to impress. The reason is that this is the last full scale trial before the final World Cup Squad of 18 is named.

The appearance of ex-local idols Col Curran and Ray Baartz will add much interest for the crowd as well and I have no doubt that all spectators will be clamouring for more when the final whistle blows.

PETER WILSON - Australia's World Cup captain who will be the subject of an exclusive interview with "Soccer Weekly" - watch for it ONLY in the green paper!

AUSTRALIAN WORLD CUP SQUAD — 1973

JACK REILLY [Hakoah Melb.] Goalkeeper aged 28 years
First selected in the Australian Team in the 1970 World Tour where he established himself as Australia's number one choice. The highlight of his career so far was a stupendous display at the Azteca Stadium, Mexico City, in December, 1970, where Mexican soccer writers described his performance as one of the best seen at that famous ground-venue for so many great matches in the last World Cup. Tall and elegant, Reilly played one season in Sydney after the 1970 tour, but has since returned in Melbourne. Injured in 1971 he regained his place in the Australian goal last year and was one of the best players in Australia's win against Wolverhampton, the English finalists of the 1972 UEFA Cup, and in the 2-2 draw with Pele's F.C Santos 8 selections.

JIM FRASER [St. George Budapest] Goalkeeper aged 25
Currently the number one Australian goalkeeper enjoying a fantastically successful season with his Club. Fraser was a member of the 1969 World Cup Squad and returned to the National Team again in 1971 during the absence of Jack Reilly. Fraser then lost his position to Ron Corry but has again forced himself onto the scene with first class performances. Speed and courage are his greatest assets.

ALAN MAHER [Sutherland] Goalkeeper aged 23 years
Another product of the Sutherland Shire and currently one of the most promising goalkeepers in Australia. He is 6' 1" in height and has all the assets to develop into a first class international goalkeeper. He is particularly adept at dealing with high crosses in his goal mouth and given more match practice is sure to be one of the Australian International stars of the future.

JIMMY MILISAVLJEVIC [J.U.S.T.] Goalkeeper aged 19
Australian born of Yugoslav parentage Milisavljevic has ousted Jack Reilly from the number one spot in the Victorian State Representative Team. He played an excellent match for Victoria against the National Squad recently and is very much under the eye of the National Coach to fill one of the three goalkeeper spots for the World Cup encounter. He is extremely agile and has good judgement. Perhaps he lacks a little height but more than makes up for this by his excellent fitness and quick reactions. Obviously a big future lies ahead for this young player.

HARRY WILLIAMS [St. George] Fullback, aged 22 years
Harry Williams burst on the Sydney club scene with tremendous impact in 1970 after a quick promotion from junior and reserve ranks. Selected in the National Squad for the World Tour the same year. After a brief eclipse in 1971, re-established himself as one of the country's top

fullbacks in 1972 and fully deserved to return amongst Australia's best 22 players this year.

COLIN BENNETT [Sutherland] Defender aged 22 years
This fine Australian born player has improved dramatically during the current season. Coach Rasic is grooming Bennett with a view to him taking the position of injured defender "Iron Man" Schaefer. Bennett still lacks experience but certainly replaces this with enthusiasm. Tall and well built he is a difficult opponent for any forward.

COLIN CURRAN [Western Suburbs] Defender aged 24
Curran is Australian born and developed his soccer in Newcastle, a stronghold of the game for many years. He represented Australia in the round world tour in 1970 producing outstanding performances in each and every game. Curran is expected to fill the vacancy which resulted from Bobby Hogg breaking his leg and his ferocious defending and overlapping tactics should prove a considerable asset for the World Cup matches ahead.

GEORGE HARRIS [St. George] Defender aged 24 years
One of the bright young stars of Australian soccer who had a meteoric rise to the top. Fast and forceful, he favours the modern overlapping style of European full-backs and likes nothing better than to join his forwards with lightning fast forays down the wing. At times he really plays as one of the Australian team's wingers and his crosses spell danger for the goalkeeper. Despite his relatively small stature his tackling is fierce and it will take a clever forward to get the better of this stout hearted youngster. Made his International debut against Israel earlier in November, 1971. 6 selections.

DOUG UTJENSENOVIC [St. George] Defender aged 27
An elegant ball playing defender whose impeccable technique is a great asset in a tight situation. His ability to work the ball out of a mass of players, then lay on a perfect pass to set his forwards back on attack should delight spectators. A perfect gentleman you will rarely see him commit a foul. His delicately placed free kicks would trouble more than one opposing defence. His first selection in the Australian Team was last year but he has played many times for the State selections of Victoria and New South Wales, where he moved to in 1971. 3 selections.

PETER WILSON [Safeway United] Defender aged 27 years
Australia's soccer captain. So well did he play on the 1970 World Tour that he made the stopper position his ever since. His flowing blond hair makes it impossible not to notice him on the football fields and he is sure favourite of

JOHN WARREN

ADRIAN "NODDY" ALSTON

the crowds. He has scored in far too many in Australia's colours and at his best he can be equal to any of the European or South American "sweeper" and almost impossible to pass. 14 selections

JOHN WARREN [St. George] Midfielder aged 30 years

The best known and liked soccer player in Australia whose name has become synonymous with the game in recent years. A Bachelor of Economics and a Journalist with a weekly football column in a Sydney newspaper, Warren has made a miraculous recovery when his playing career seemed doomed a year ago. He was out of action for eighteen months following serious ligament trouble but bounced back to his best form and performed well on tour last year. Last year he added to his fame when he was the "dux" of the Second Asian Coaching Course in Kuala Lumpur. Warren is an inspiration on and off the field of play to the Australian team of which he was the Captain for five years until his injury. With his 36 selections he is Australia's most capped soccer player.

RAY RICHARDS [Marconi-Sydney] Midfielder aged 30

First selected for Australia on the 1967 tour of Asia, he went into a three year eclipse until chosen again for the 1970 World Tour. He has not looked back since and is an automatic choice for a National XI. This husky mustacheous half back, with his lethal shot, is always a favourite of the crowds, who gaze in awe and amazement at the length of his throw-ins, which are every bit as dangerous as corner kicks. He won a niche in Australian soccer history for himself in June 1972 when he marked the great Pele out of the Australian v Santos match in Sydney without a single foul going against him into the bargain. 13 selections.

JIM MACKAY [Hakoah-Sydney] Midfielder aged 29 years

The "artist" of the Australian team. Endowed with a brilliant technique he adds class to the National side which would lack some sparkle and creativity without this blond star as midfield. Since he also combines the heart of a lion and is no slouch either when it comes to tackle an opponent off the ball, it is no wonder that there are many in Australia who regard him as the National Team's greatest asset and all round player in Australian soccer. Moved to Sydney this season. 11 Selections.

JIMMY ROONEY [Apia-Leichhardt] Midfielder aged 28

Originally a Victorian, he was transferred to Sydney three years ago where he became an instant hit. Not a big man, Rooney has exquisite ball control and when in the mood his probings and openings can be quite irresistible. His career, however, has often been plagued by injuries by the very nature of his play, which leaves him open to highly

susceptible to tackles by opponents unable to subdue him by legal means. 8 Selections

JOHN McDONALD [Auburn] Midfielder aged 25 years

A new face in the Australian Squad, this industrious player earned his place in the 1972 touring party for a great Sydney season last year. Although he favours a deep lying "fetch and carry" role, he has also scored a great many goals and is a master of the art of the fast break-away. 1 Selection

STEVE PERRY [Sutherland] Midfielder aged 20 years

Once again the Sutherland Club have brought to the fore a local Australian product in Perry. He has been most impressive throughout the current Sydney season and played a fine game against the touring side Stoke City earlier this year. Perry is still lacking in big match experience but in the years to come he could easily claim a permanent spot in the Australian team. He plays a very attacking game quickly accelerates and has a good control and distribution of the ball.

JOHN RUSSELL [Apia] Midfielder aged 20 years

Russell has turned in some excellent performances with the Apia Club during this season and last and is a rapidly improving player. He reads the game well and is rapidly developing into a first class all round performer. Could easily gain selection in the Australian Squad if not for the first World Cup encounter certainly for the matches which lie ahead if Australia is successful.

RAY BAARTZ [Hakoah Sydney] Striker aged 26 years

Unanimously regarded, quite rightly, as Australia's best striker, the goalscorer par excellence. His left foot shot is deadly and goalkeepers are warned not to let their eyes wander when he is anywhere within shooting distance. But for his professional commitments, he would now be Australia's most capped international. 32 selections.

ATTILA ABONYI [St. George] Striker aged 27 years

Revealed himself to the Australian public at large during the 1967 Asian tour when he was the top scorer in the Saigon Tournament with thirteen goals. His exploits brought him instant fame and a quick transfer from Melbourne to Sydney. A delicate, fragile artistic player, he can be a match winner when the mood strikes him. 26 selections.

ADRIAN ALSTON [Safeway United] Striker aged 25

Alston's height makes him a match winner with his head, thereby his name "Noddy". He is also adept in beating his opponent in man to man combat as he possesses one of

Doug Utjesenovic and Max Tolson
in action during a club match

RAY BAARTZ

MAX TOLSON [Marconi Sydney] Striker aged 28 years

The second giant forward of the Australian Team who has scored countless goals with his head. A few years ago he so impressed English talent scouts that he spent three seasons as a professional in England. Fast, tough and rugged, he can be quite a handful for his direct opponents and can create havoc in the various defences. Despite his tough guy appearances on the pitch, off the field he is the epitome of the gentle giant with simple tastes which give lie to his football image. 8 selections.

BRANKO BULJEVIC [U.S.T.] Striker aged 26 years

This ball playing winger or inside forward in the Central European tradition gets his big chance to show his class in international company in Australia for the second time. When in the right mood, he can be a sure fire match winner who dazzles with tricky footwork, feints and bewildering bursts of speed. No mean shot either. Buljevic is the brightest jewel of his Melbourne team and Australians are looking to him to play a large, perhaps decisive part in qualifying them for the 1974 World Cup. 5 selections.

TERRY BUTLER [Apia Leichhardt] Striker aged 20 years

Burst on the Sydney club scene 18 months ago when he forced his way into the first team of the powerful Apia Club. Only 20 years old, Butler is one of the most exciting prospects discovered in Australia for some years. Already the best winger at Club level, he has yet to prove himself fully at international level, but Australian fans hope he will do just that soon. 2 Selections.

JOE ALAGICH [Yugai Prague] Forward aged 30 years

The feature of his play is his speed and he is capable of making devastating runs down the right flank and is frequently a goal scoring forward. He has played over 100 games with his Sydney Club, Yugai Prague in the Sydney First Division Competition. Alagich was a member of the 1969 World Cup Squad and due to consistent form this season has been recalled to the National Squad.

PETER OLLERTON [Apia] Forward aged 22 years

Tall, fair haired player was born in England and arrived in Australia some two years ago. He moved from Victoria this year and has had a most successful season with the Apia Club. He possesses a fine shot and is particularly good with the head. National Coach Rasic is constantly searching for strikers and Ollerton could easily fit the bill for the important matches against Iran.

ATTILA "OTTI" ABONYI

NORTHERN N.S.W. PLAYERS

STEVE GRIFITHS [Maitland] Goalkeeper aged 23 years

It was only a matter of time before this dedicated player got the nod as the north's number one goalkeeper. After "hot and cold" performances last year he has finally found the confidence he was searching for and is currently the leader in the "Soccer Weekly" Goalkeeper of the Year award despite missing out on one and a half games. His agility and determination compensate for his lack of inches (5' 9").

ROBERT KAISER [West Wallsend] Goalkeeper aged 19 years

Robert is one of an outstanding young crop of goalkeepers currently playing in the north. In his formative years he represented Newcastle in the National Youth Championships and was also selected in C.H.S. teams. Robert was also selected as standby for Forbes Wood in the Hitachi match.

ROY JOHNSON [Weston] Fullback aged 26 years

Roy has the unique distinction of being selected in every northern squad since he arrived in Australia in 1969. Roy's style features the modern overlapping technique and this has undoubtedly been a contributing factor in Weston's success over the past three seasons.

TOM SNEDDEN [Weston] Defender aged 29 years

Any spectator who doesn't know Tom just has not been watching northern soccer in the past decade. Tom's speed and ability to read the game are allied to his skilful distribution and he will be looked on to control the overall defensive pattern of the team. Tom has the longest list of representative honours of any northern squad member taking the field tonight.

JOHN CLINTON [Adamstown] Defender aged 22

An outstanding junior footballer, John represented the north in Youth Squads on no fewer than five occasions. John was promoted from Adamstown's U/21 side into first grade and has held a regular berth there ever since. John gets his first full game as the north's stopper at the

expense of the injured John Snedden but will undoubtedly acquit himself well in top class company. John's keen sense of anticipation and great heading ability are his main assets.

JOHN WELHAM [Lake Macquarie] Fullback aged 27

After an injury plagued career John has made a brilliant comeback and his powerful display against Hitachi had the critics applauding. Though he normally plays stopper for his club he has no trouble adapting himself and can be relied upon for a ninety minute effort. He represented Northern N.S.W. many times in his early career before his knee injury sidelined him.

BRUCE TRACEY [Wallsend] Midfielder aged 25 years

Bruce has represented southern N.S.W. against Victoria and Greece and has been coached by Joe Vengios whom he cites as the biggest influence on his career. He spent his time in Sydney playing with Prague but later moved back to the north to his present club, Wallsend. As he was then involved in the transfer wrangle he was forced to withdraw from the Hitachi match but this time around he gets his chance to display his talents against top opposition.

PETER IRVING [Weston] Midfielder aged 28 years

Peter won last year's Sydney Morning Herald Best & Fairest competition while playing with Azzuri but, if anything, he has improved this year. His attacking play and running off the ball has been a keynote in the Bear's continued success this year. He has previously captained northern sides so he knows what sort of effort is required.

GEOFF FINCH [Toronto-Awaba] Midfielder aged 24 years

After 10 junior and 3 senior years with Toronto-Awaba, Geoff journeyed to Britain where he became a regular member of the Southern League team, Margate. Geoff had represented the north against Manchester City, Australian squad and the English F.A. before his trip and on his return he was immediately selected for the team

against Hitachi. He is essentially a left-footed player and likes to test opposing defences with probing runs down to the goal area.

PAUL QUEENAN [Adamstown] Striker aged 21 years

One of Rosebuds' three major off-season purchases he has more than justified coach Joe Lanzoni's faith in him by scoring 18 goals at the time of going to press. His early career was spent with Jesmond, Lambton, Newcastle Austral and Hamilton Azzuri before he moved to Cardiff for three years. It was here that his opportunism and dedication brought him his just rewards and recognition. Though he only played the first half of the Hitachi match he will be a much better player for having had the run.

BOGDAN DUMA [Weston] Striker aged 24 years

Bogdan's dying ambition is to play for Australia. His mastery in the air, coupled with ball skills and powerful running, would make him an ideal selection. Many northern critics believe and tonight he gets his chance to prove himself. Bogdan only commenced soccer at fourteen and apart from a six months' spell in England he played all his soccer for Maitland until being signed by Weston during the off-season. Already he has put twenty in the back of the net despite missing some matches early in the season.

KEN WORDEN [Weston] Striker aged 29 years

One of the few specialist left wingers in the game today, Ken is in his third season with the Bears after migrating to Australia from England where he spent three years with Preston North End in their minor grade teams. Ken is a potential match winner and always seems to "turn on" in a big match. Ken is also a noted spot kick man and uses the "banana ball" to great advantage.

STEVE WERRIN [Toronto-Awaba] Striker aged 17 years

Steve blasted his way onto the local scene this year with a sensational 5 goal effort against New Lambton and followed it up with more dazzling performances to take his season's

total to 24. Steve is still a student at St. Pius X school and has a long promising career ahead of him. What he lacks in experience he more than makes up for with his phenomenal work rate and his ability to "shoot on sight".

DARYL EVANS [Newcastle Austral] Defender aged 21 years

Despite his youth Daryl has already represented the north on four occasions. There are few who can match his speed and his back tackling is a feature of his game on those rare occasions when he is passed by an opponent. Daryl's red hair makes him easy to spot when on the park. He can be relied upon also to give maximum effort at all times while playing.

FORBES WOOD [Weston] Goalkeeper aged 32 years

Played with Maitland and New Lambton before joining the all conquering Bear's line-up. Kept a clean sheet against Hitachi and was runner-up in last year's "Goalkeeper of the Year" award. Forbes originally hails from Scotland and has represented the north on many previous occasions.

DAVID BUTLER [Hamilton Azzuri] Goalkeeper aged 22 years

A surprise last minute inclusion David gets the chance at representative honours because of recent consistent performances under pressure against top club sides. In his younger days David won selection in school and Youth Squad teams though this is his first senior selection.

WERNER WINIARCZYK [Hamilton Azzuri] Fullback aged 21 years

If there is one thing Werner loves it is his weekend game of soccer. An overlapping defender in the modern style he admits to modelling himself on Roy Johnson. This comes fairly easy to him as in his youth he represented for the Macquarie Association as a right winger. His senior football has been spent with only his present club and one other - Lake Macquarie. A fitness fanatic, he enjoys long distance running and his pleasant personality has endeared him to Azzuri fans this year.

WARREN HALVERSON [Weston] Defender aged 22 years

Though mysteriously absent from the original squads, Warren is generally rated amongst the top three full backs in the north. Since his transfer from Cessnock to Weston he has blossomed into a top class player. His robust tackling and determination to win the ball make him a feared defender and his thoughtful distribution adds to his side's attacking power.

ALLAN RUSSELL [Wallsend] Defender aged 24 years

"The guy who never gave up". That's what they're calling Allan out Crystal Palace way. During his rise to fame he has had both arms broken and a cartilage operation on his leg. Allan never lost heart and he capped his comeback with a great performance against Bogdan Duma in a recent club match. Though it is little known, Allan is on the committee of the Wallsend Supporters Club which just gives some indication of how dedicated he is.

ANDY ROBERTSON [Cardiff] Defender aged 19 years

Although listed as a defender Andy often plays in midfield and not so long ago was selected in a State C.H.S. team as a striker! He spent his junior soccer playing with Warners Bay and Lake Macquarie before moving to Cardiff. Probably Andy's greatest asset is his thoughtful distribution which can create havoc amongst opposing defences.

JOHN PARKS [Wallsend] Midfielder aged 21 years

The son of a former Australian player, Hedley Parkes, John has been the Devils' most consistent player over the last two seasons. His dangerous foraging runs often find gaps and it is not uncommon to see him listed amongst the goalscorers. John is a "dyed-in-the-wool" Wallsend man and spent all his junior years with the club.

IAN STONE [Hamilton Azzuri] Midfielder aged 16 years

Ian is the youngest of Hamilton's three youthful representatives and is only in his second season of senior football. Though obviously still maturing his

skills, ability to read and to distribute accurately plus a helping hand from a very keen father all go to make Ian a player of the future.

JAMES HOGG [Cessnock City] Striker aged 23 years

If the name seems familiar it could be that you are a cricket fan. In that vein James has been tipped as a possible selection for the State but his ability on the football field has been noticed too and he gains his first selection on the basis of speed plus penetrating play.

GRAHAM BULL [Lake Macquarie] Striker aged 18 years

"Beat two defenders, drew the goalkeeper and pushed the ball into an open net". That's the story of Graham Bull's 19 goals this year. His clever close ball play coupled with a deceptive turn of pace make him a dangerous attacker when in possession. Not a noted 90 minute player, Graham tends to take the chances if they come but the big

GRAHAM CUMMINGS [Newcastle Austral] Striker aged 22 years

Graham seems to delight in scoring hat-tricks as 12 of his 13 goals have come from that direction this year. Graham possesses a ground shot that can be lethal from anywhere within 25 metres range. Part of the secret of his power is his superb sense of timing which allows maximum result from minimum effort.

PAUL ROBERTSON [Cessnock City] Striker aged 17 years

Injury robbed Paul of possible State C.H.S. selection this year but bigger things have come his way in a matter of weeks. His meteoric rise from third grade 2nd division to first team 1st division then to northern representative in the space of a few months is due in no uncertain measure to his fantastic speed. Local fans are optimistic that he might even leave some of the World Cup players in his wake.

ALAN COOPER [Weston] Striker aged 29 years

Alan has slipped from his spot as the north's top winger but his experience and ability to feed his fellow forwards still make him a valuable member of the northern side. Alan arrived from Glasgow in 1969 and has spent his entire playing time out here with the Bears. He is their eighth representative in the squads.

WAYNE LEARY [Lake Macquarie] Midfielder aged 21 years

Wayne made his way into the squads after Dennis Wright pulled out. His power packed displays have been one of the main reasons for Lakes prominent position on the points table this year. The type of player who is never beaten, he is essentially a defending midfielder but has the ability to carry the ball upfield on occasions.

N.N.S.W. COACH

BOB JONES, N.N.S.W. representative himself, Bob knows only too well the effort that is required from his charges in tonight's match. After playing first grade soccer with Wallend for 16 years Bob switched to coaching and he handled West Wallsend, Cardiff and Mayfield before returning to his old club, Wallend. Bob is a holder of the senior coaching certificate which is the highest standard attainable in Australia.

Referees Main fixture W. JONES

Bill Jones is a well known northern referee and has over 100 first grade games to his credit. Bill handled the Hiraethi match and his first class performance then undoubtedly ensured his selection for this match. He will be ably assisted by his linesmen, who are top referees in their own right, Arthur Rodway and Eric Hawthorn.

Early fixture - W. TURNER

Bill Turner is not only well known as a top referee but also as our local Tasman Cup organiser. Bill gets his appointment after consistent first class performances throughout the current season. His linesmen will be Tony Hardes and Warren Miller. The standby referee is R.Hall.

N.N.S.W. MANAGER

JOHNS DUNCAN

Secretary of the second division club Kotara South. John's personal qualities have made him a natural for the job of team manager.

Pleasant and friendly, yet efficient and dignified, he is the kind of ambassador who can place the north's image on a higher plane in other soccer centres.

Time to Pause

Every organization of any value to itself and certain society, paces on its progressive course, in which it takes its bearing, sums up its results and prepares for the future.

It is comparable to the traveller who after steadily marching up the ascent of a long road, reaches the summit of the hill and looks around, from his vantage ground, on the surrounding country, choosing his path for the future, and in his choice, guided by the nature of the country he has traversed, by the difficulties he has encountered and overcome; cheered on by a realisation of growing strength and capacity for further effort which has crowned his arduous toils.

Such a vantage ground has been reached at this period in the history of football in Northern N.S.W. and Australia.

Northern N.S.W., who will celebrate its centenary in 1984 are grateful for the great progress through those infant steps of those pioneers of 1884, and onward to today, through much world wide turmoil, of which many have passed on by, but we measure our strength for a new effort, by the test of our ~~own~~ experience in the past.

~~It is~~ It is all for our good that we, as thoughtful people, should ponder over the future of football in this state and Australia, made possible by those early pioneers without the means and encouragement available to our present administrators.

Many people, including those charged with shaping of our way of life, now realise how large a part sport, and perhaps more especially football is playing in the great drama which threatens the very foundations of society throughout this country today.

the self control and endurance, development of our physical capacity gained by young people while playing Football. We in Northern N.S.W. and Queensland have capable people to create the opportunities for players to match their skills against any country in the world.

Our Australian player is internationally extraordinary.

Let us all be thankful that we had people with the foresight to realise what this great game of Football is, some of the early pioneers we cannot forget, men like Andrew J Macculley, W. Todd & Joyer, Mr Fletcher the father of football in Brisbane, W. C. Mayor H. Sawyer, the we know to the Newcastle & Hunter region, then like Charles Shepheard, Bob Faine the Mac Millroy, McLoane, Wilson, Bryden, and of course Mr. John Wrenning. And the the years rolled along others to keep the flame burning were

Memo Denton, Eiler, Samyln, Somat, Sheppard, Sam Deves, Andrew Irew, Sid Grant, Bill Reaney, Bill Jones, English, Sneddens, Hermonson, Coezy, Couetts, Rees, Ferrer, Ryan, Goodwin, yes as they go, their names are recorded forever.

Our game is in good hands, the future holds no fear for us.

IT COULD BE PRELUDE TO NEW ERA OPENING IN TOP SOCCER

By PAUL MCKENZIE

THE MOST INTERESTING DEVELOPMENT IN DOMESTIC SOCCER -- NEW SOUTH WALES-WISE, THAT IS -- IS THE APPROACH BY OFFICIALS OF THE SOUTHERN N.S.W. FEDERATION TO THE NORTHERN SOCCER FEDERATION TO DISCUSS THE POSSIBILITY OF SOME NORTHERN TEAMS PLAYING IN THE SYDNEY COMPETITION NEXT SEASON.

IT IS INTERESTING ON MANY COUNTS -- NOT THE LEAST BEING THAT IT IS THE SOUTHERN FEDERATION WHICH HAS MADE THE ADVANCE. THIS IS OUT OF KEEPING WITH ITS ATTITUDE IN OTHER, AND RECENT YEARS WHEN IT SHUNNED THE NORTH AND ALMOST ANYTHING THAT CAME FROM IT.

WHAT, ONE WONDERS, HAS CAUSED THIS SUDDEN CHANGE IN THAT ATTITUDE?

DOES IT MEAN THAT OFFICIALS IN THE SOUTH WHO, FOR YEARS, HAVE BEEN UNABLE TO SEE FARTHER NORTH THAN THE NORTH SHORE END OF THE SYDNEY HARBOUR BRIDGE, HAVE AT LONG LAST REALISED THAT SOCCER IN N.S.W. DOES NOT START AND END IN SYDNEY ---- THAT THERE ARE OTHER AREAS WHERE THE GAME IS PROGRESSING?

OR DOES IT MEAN THAT THE NORTHERN TEAMS' GOOD PERFORMANCES AGAINST THE AUSTRALIAN WORLD CUP TEAMS IN NEWCASTLE RECENTLY AND THE MUCH LESS RECENT SUCCESS BY THE NORTH'S UNDER 18 TEAM IN THE AUSTRALIAN CHAMPIONSHIP SERIES IN BRISBANE, HAS JOLTED THEIR CONSCIENCE?

THE OPERATIVE WORD IN THE SOUTHERN APPROACH ABOUT TEAMS PLAYING IN THE SYDNEY COMPETITION IS "SOME".

WHAT DOES "SOME" MEAN? THAT COULD BE THE 64-DOLLAR QUESTION!

IS THIS AN ATTEMPT TO FILCH THE BEST TEAMS FROM THE NORTH TO BOLSTER THE SYDNEY COMPETITION? IF SO, THE IDEA SHOULD BE REPELLED COMPLETELY.

IS IT, HOWEVER, A PLAN TO ESTABLISH SOME FORM OF SUPER-LEAGUE WITH THE BEST TEAMS IN THE NORTH JOINING THE BEST IN THE SOUTH IN AN INTERCITY COMPETITION. IF SO, THE IDEA HAS MERIT AND SHOULD BE GIVEN FULL CONSIDERATION BY ALL CLUBS.

BUT, IF THE PLAN IS FOR ONLY ONE OR TWO TEAMS FROM THE NORTH TO GO TO SYDNEY EACH WEEK-END, IT SHOULD BE QUICKLY SCOTCHED. IT SHOULD BE DISMISSED OUT OF HAND, EVEN IF THE IDEA IS FOR TWO OR THREE NORTHERN TEAMS TO JOIN THE SYDNEY SIDES ON A HOME-AND-AWAY MATCH BASIS.

THAT WOULD DO NOTHING BUT WEAKEN THE NORTHERN N.S.W. FEDERATION PREMIERSHIP AND, THEREFORE, SHOULD NOT BE COUNTENANCED.

If this is an attempt to revive the old, well-remembered intercity competition, with ALL Northern teams participating, even on a one

series basis, let's have it by all means. Such a venture could do nothing but improve the game's image in both cities and do much to-

ward bringing the crowds back to the game. "Northern Soccer News" is by no means pouring cold water on the move and commends both Federations for the interest being taken. It is yet up to the Northern Clubs to decide what is best to be done when they meet at WallSEND this Sunday morning. But the clubs cannot be blamed if they are somewhat suspicious and fear something of a thimble-and-pea trick.

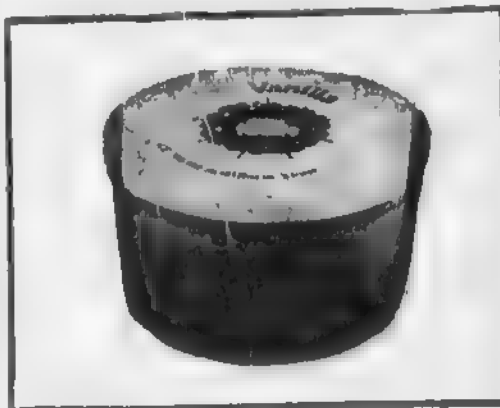

reservations because this is a bid that merits full study. From it could come the means for the advance for which Soccer has been searching for long enough. However, it is a matter that must be given careful and long consideration, since judgement must not be hasty or decisions made without having all the facts placed squarely on the table.

No doubt that meeting would be merely a preliminary skirmish round the subject with decisions to be taken later. As such there should be no harm -- and perhaps much good in the North's officials attending.

After all, it is the South holding out what seems to be an olive branch.

However, when the clubs meet tomorrow morning there should be plain talking -- and none with tongue in cheek -- for this is a most important development -- one not to be taken lightly.

If sane, sober discussion takes place, it could be a case of "Happy Days are Here Again."

It is to be hoped that clubs do not approach the subject with such

THIS IS A MOVE THAT MUST BE RESISTED TO THE END

By PAUL MacKENZIE

THE HIDE OF IT: THE CRASS CHEEK OF IT: THE PETTY, PAROCHIAL, PEURILE PRETENCE OF IT: THE RANK INJUSTICE OF IT: THE COMPLETE ABSURDITY OF IT.

OF WHAT, YOU ASK? I THOUGHT YOU WOULD HAVE GUESSED THAT "NORTHERN SOCCER NEWS" WOULD NOT MERELY SNIFF A NOSE AT THE ATTEMPT BY THE VICTORIAN SOCCER FEDERATION TO HAVE THE AUSTRALIAN SOCCER FEDERATION DISFRANCHISE THE NORTHERN N.S.W. SOCCER FEDERATION.

NO, SIRE: WE TAKE UP THE CUDGELS ON BEHALF OF THE NORTH. THE VICTORIAN FEDERATION, ALL PIOUS AND PROPER -- AND NOT BEFORE TIME -- HAS COME TO LIGHT WITH THE REMARKABLE STATEMENT THAT THE PLAN OF THE FOUNDERS OF THE AUSTRALIAN FEDERATION WAS TO HAVE ONLY ONE CONTROLLING BODY IN EACH STATE, WITHOUT REGARD FOR GEOGRAPHICAL CONSIDERATION..... WITHOUT THOUGHT OF HOW SUCH A BIG AREA AS ARE SOME OF THE STATES WAS TO BE ADMINISTERED.

HOW, WE ASK, DOES THE VICTORIAN FOUNDATION KNOW WHAT WAS IN THE MINDS OF THE NATIONAL FEDERATION'S FOUNDERS? DID THEY LEAVE A BLUEPRINT? THEY DID NOT.

IN ANY CASE, IT WAS THE FOUNDERS WHO HELPED VOTE BOTH THE NORTHERN N.S.W. FEDERATION AND THE A.C.T. FEDERATIONS INTO BEING SO, OBVIOUSLY THEY COULD NOT HAVE BEEN AGAINST SUCH FORMATIONS, EITHER WHEN THEY FOUNDED THE NATIONAL FEDERATION OR AFTERWARDS.

THE VICTORIAN FEDERATION, IN A MOST PONTIFICAL OUTBURST, SPEAKS WITH OVERTONES OF HORROR AT THE IDEA OF DIVIDED CONTROL IN A STATE AND DEMANDS THAT IT BE ENDED FORTHWITH.

IT WOULD SUIT IT BETTER TO PUT ITS OWN HOUSE IN ORDER, CONTROL IS DIVIDED IN VICTORIA WITH COUNTRY CENTRES NEGLECTED SHAMEFULLY....AND WITH NO EVIDENCE OF PROGRESS OUTSIDE THE CAPITAL CITY----AND DARN LITTLE INSIDE IT EITHER.

THE VICTORIAN FEDERATION HAS FORWARDED LETTERS TO OTHER STATE FEDERATIONS PROTESTING AGAINST NORTHERN N.S.W. AND THE A.C.T. CONTINUING TO HAVE AN AUTONOMY AND DEMANDING THAT IT BE TAKEN AWAY FROM THEM.

IT PROMISED TO TAKE THE MATTER TO THE AUSTRALIAN FEDERATION AND CLAIMS IT HAS SUPPORT OF OTHER STATES. THAT MUST BE MERELY GUESSWORK SINCE THERE HAS BEEN NO VOTE TAKEN AND PROMISES ARE BAKING TO PIECRUST.

HOWEVER, PEURILE AS THE MOVE MAY BE. IT CANNOT BE IGNORED. THE NORTHERN N.S.W. FEDERATION MUST COUNTER IT WITHOUT DELAY.

IT CAN DO THIS BY DRAFTING A LETTER TO THE OTHER STATE FEDERATIONS OUTLINING THE WORK THE NORTH HAS DONE IN PROMOTING THE GAME AND EXPLAINING THE DIFFICULTY ONE ADMINISTRATION WOULD HAVE TO CONTROL THE GAME IN SUCH A BIG STATE AS IS N.S.W.

Northern N.S.W. can provide a very strong case. It is one that should convince other State Federations --- perhaps even that in Victoria, of the need for it to continue as it has done -- making sure that the Soccer gospel is carried far and wide in the North in this State.

Since there seems to be a new, and better, understanding developing between the Northern and Southern Federations in N.S.W., the North could do worse than enlist the aid of the Southern body by asking it to also communicate with other State Federations, backing the North's case.

TIME NEARS

The Queensland Federation is not likely to side with Victoria because the time is fast coming when it, too, must hand over some of its control if the game is to be properly administered in its own bailiwick -- and relationships between the North and Queensland has always been on a sound footing... or so it has seemed. But the North must not procrastinate in this matter. The time for it to act is right NOW!

The Victorians are pushing their barrow. The North should show that it can push a bigger and better one and at a faster, and stronger pace.

If there is delay, the Victorians could win the day because of the North's apathy -- and that would ruin us.

It needs only a well-framed letter to blow the Victorians sky-high, so go to it..... RIGHT NOW!

Adamstowns handy lead in club championship

ADAMSTOWN ROSEBUDS HAVE AGAIN WON THE NORTHERN N.S.W. SOCCER FEDERATION'S CLUB CHAMPIONSHIP -- A WELL DESERVED REWARD FOR A WELL ORGANISED CLUB.

ADAMSTOWN TEAMS FINISHED SECOND IN THE FIRST GRADE PREMIERSHIP, HAD A CLEAR WIN IN THE RESERVE GRADE AND FINISHED WELL UP IN THE THIRD GRADE COMPETITION TO GAIN AN OVERALL TOTAL OF 278 POINTS....28 IN FRONT OF WESTON BEARS.

THE FIGURES BELOW ARE FROM OUR OWN RECORDS AND HAVE NOT BEEN CHECKED WITH THOSE OF THE NORTHERN N.S.W. FEDERATION SINCE THE FEDERATION'S PUBLICITY COMMITTEE HAS NOT -- REPEAT NOT -- GIVEN THE CO-OPERATION PROMISED BY FEDERATION OFFICIALS AT THE START OF THE SEASON, IN FACT, WE HAVE YET, IN THE MATTER OF CO-OPERATION, TO KNOW THAT THE COMMITTEE EXISTS.

HOWEVER, DESPITE THE LACK OF A CHANCE TO CHECK OUR FIGURES WITH THE OFFICIALS RECORDS, WE CONSIDER OUR MATHEMATICS TO BE ON THE MARK.

1974 Season

10-84

The Northern season would open once again with a visit from an Overseas team. As stated previously, while we take these visits they are money earners to our Northern players. Our players have been out of training for at least 16 weeks, and we still have at least 12-14 weeks before the start of the new season.

Mackland Grand Final Winners

Second Division Grand Final

Second Division Grand Finals will be played in all Grades on Saturday afternoon at Crystal Palace Ground.

The First Grade match between Minor Premiers Charlestown United and runner-up Maitland will commence at 3.00p.m. and is sure to attract a large following for the game.

Charlestown team has had an excellent season and has earned promotion to First Division for the Club.

They went through the season of eighteen games with the loss of only five points, a truly remarkable effort, and should carry their consistent performance in to this match.

By comparison, Maitland team lost eleven points during the season with four lost games, - and three draws - must start as the "underdog" in this match.

Maitland earned their Grand Final position in the hard way by winning the Minor Semi-Final two-one - against Jesmond and then by defeating Central Coast in the Final last week-end one goal to nil.

Charlestown eleven had a rest during last weekend without competition football, and will need to get into stride smartly again to take out Major honours.

SECOND GRADE

Second Division Second Grade Minor Premiers Charlestown, will be matched against long standing rival Jesmond who finished second to them on the points score table and who also travelled the long way to the Grand Final.

Beaten by Charlestown previously two-nil - in the Major semi-final, - Jesmond had to survive the rigors of a final on Saturday last, against Kotara South, - a final that they won by two goals to nil.

Jesmond meet Charlestown knowing that they have yet to beat that team this season, even though they went close with a one-all draw during the second round. Charlestown must

start as favourites for this game.

THIRD GRADE

Kotara South and Lambton will meet in the Third Grade Grand Final in what could be described as a copybook match.

Each team has registered a win over their opponent during the two rounds of fixtures, with Kotara South winning one-nil on the first occasion and losing one-two on the second occasion. Neither team has met the other on the way to the Grand Final, through the Semi-Final - Final section, so the Stage is set for a cliff-hanger.

Crystal Palace Ground will be dressed for the best of Second Division Soccer Teams - to show their worth to the public on Saturday afternoon.

"Once again we have a competition that gives a club the Premiership on average, and relegates another who cares if the the season is extended by another week.

Adamstown and Wallumbilla remain rivals for many many years finish at the top of the table on 34 points each. Maitland and Lesnock two Coalfields clubs both finish on 12 points at the bottom of the table.

Both these matches could have been played on the same ground, the same day, or as a midweek fixture. what a promoters dream a sellout".

This most unsatisfactory conclusion to a season should not be allowed to ever occur again, anything is better than having averages deciding the Premiership winners and a team to be relegated

OUR REPRESENTATIVES

Weston Soccer Club has been providing players for N.N.S.W. representative teams for many years, and the season just passed was no exception, but a change of emphasis from established players to a more youthful team, saw the emergence of some new Weston representative stars.

Joining the honours list was flamboyant goalkeeper Ossie Bellamy, who in his second year with the Bears, sparked in to tremendous form and collected more honours in one season than most players do in a lifetime. His top class performances earned him a place in the N.N.S.W. team that toured New Zealand.

David Stoker was another who gained his first senior representative honour by being included in the touring team.

David came through the Weston junior ranks and broke through to a regular first team spot during season 1976. Playing as a mid-fielder, his aggression and tenacious tackling made him a great asset in mid-field defensive play this year, and he still managed to score six goals in the Rothmans Premiership series.

Jack T. Turnbull who had been a first team "fringe" player for some years, pushed himself into Max Luccessi's team as a front runner and into the representative team at the same time. Both Luccessi and northern rep. coach Mike Treblecock have high opinions of Turnbull's industry and skills, but the best of him is yet to come, and it could well be next season playing in a mid-field role.

The fourth player to gain selection in the touring team was left winger John J. Turnbull. John is no stranger to representative football, having played for N.N.S.W. since 1976. He is only 21 years old and looks to have plenty of rep. football left in him. Although hampered this season with a troublesome leg injury, he produced his best form at the right time — during the semi-finals.

MAX LUCCESSI

MAX CALLS IT A DAY

It is no surprise that the Weston team's successes in the early seventies coincided with the arrival into the Bears camp of coach Max Luccessi.

Luccessi took over the Weston coaching position at the start of the 1971 season and by mid-way through the premiership race had moulded a team that was to go through the remainder of the season undefeated, win the Minor Premiership, and rattle up a record 5-0 grand final win over Walland.

That was the first of three consecutive grand final wins that Max engineered before returning to his homeland for a spell. The fortunes of the Bears fluctuated in the ensuing years before he was to return to take over the Weston reigns in 1976.

The '76 season was less than successful but Max was well aware of the problems that had to be solved, and when his team lifted the 1977 pre-season B.P. Shield he knew that, once again, he had a capable team on his hands.

It is a great tribute to him that, in this, his retiring year, he and his team swept all before them in northern soccer capturing all the major trophies, and he, more than anyone, deserves the applause for restoring his team to its former glories.

Weston Soccer Club owes you a great debt of gratitude — thank you Max Luccessi.
